Below lists any deviations from Device Certification standard validation suites.

Certification Variations	There are no variations noted.
--------------------------	--------------------------------

PTC 257 Amendment Approval

1. This is an amendment to the original Permit to Connect (**PTC**) for the device listed in section 3 above and issued on behalf of Spark New Zealand Limited (**Spark NZ**)
2. This document confirms that the device listed in section 3 has completed Entelar Group Device Certification, in accordance with the PTC Certification process and that the modifications made to the device technology has not regressed the device to the detriment of the Spark NZ network or the Spark NZ network customer experience.
3. The information contained in this document is confidential and no part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise without the prior written permission of Entelar Group Limited.
4. Entelar Group Limited reserves the right to suspend or revoke any PTC approval and Spark NZ can take any necessary actions to deny or prevent access to the Spark NZ network or network services, as defined under S.106, Telecommunications Act 2001.
